FINANCE AND TRADE.

OFFICE OF THE LOUISVILLE DEMOCRAT.
Wednesday Evening, November 11, 1896.

The excitement in the Gold market is rapidly subsiding, the speculation is almost played out, the panic-makers are bound to go under, and Gold will come down to a sensible valuation. The New York market is already down to 114½ for Gold, and 126 and 127 for Sterling Exchange, and the Western markets will follow suit rapidly. Bankers, to-day, were offering 115 for Gold and trying to sell at 120, but there was no demand. They were also paying 106½ for Silver and trying to sell at 115. Eastern Exchange is held at 95 discount buying and par selling. In the general market we had no real trade, but there was an effort in the Grocery market to put up the price of Sugar, Molasses and Coffee, but it was entirely rejected. The spec-

lative here in Cotton is also beginning to show signs of going under, the high prices of last week not being maintained. The transactions of the day were light.

FLOUR AND GRAIN—Light sales of Flour at \$3 75; 400, 3,000 bushels Wheat at 72¢; 100 bushels Rye at 35¢; 40.

GROCERIES—Sales of 15 lbs Sugar at 11¢; 1 lb, 5 bags Coffee at 24¢. 23 lbs crushed Sugar at 16¢; 14½ lb half lb Molasses at 9¢.

CORNS—Sales 75 bushels at 64¢.

COTTON—We notice a weakening in the market, with sales of 25 bales middling at 12¢.

ALCOHOL—The market has declined, and we quote 76 at 92¢; 98 at 62¢.

HAY—Dull at \$12 50; 164 50.

MANUFACTURED TOBACCO—Sales of 10 boxes at 40¢.

WHISKY—25 bbls at 25¢.

[illegible]

unpacked; sugar-cured hams advanced to 95c. Gold (packed), 35c; Silver to 6c, and Demand Notes to 45c @ 55c. Prime exchange dull at 14 1/2% discount buying and par selling.

NEW YORK, July 20, P. M.

Flour—There is only a moderate business doing in flour, and market generally without material change. The private accounts by the Australasian are quite favorable, but the decline in Gold and Sterling exchange has a very depressing effect; sales 14,700 bbls at 44 3/4c 50c for super State; 24 1/2c 25c for super western; 25 1/2c 25 1/2c for extra State; 25 1/2c 25 1/2c for common to medium extra western; 25 1/2c 25 1/2c for common to good shipping brands B. H. O.; 25 1/2c 25 1/2c for trade brands; market closing slack.
